06 – 09.2008	System Research Institute of Polish Academy of Sciences , Warsaw Leader of Economy of Virtual Worlds project at Summer Practises Research, Polish Academy of Science s Co-leader of Security and Cryptography project
07 – 09.2006	Participant of Research Practises, Institute of Fundamental Technological Research, Polish Academy of Sciences
2001 – 2008	Mathematics and Informatics tutor

- **Open Source projects**

2007 **Web Interface to Octave**
 Originator and keeper of the initial phase of the project

III. Qualifications

- **Languages**

Polish: Native
 English: Fluent spoken and written

- **Technical knowlegde**

Languages	Java, Groovy , GNU Octave, JavaScript basic knowledge of C, C++
OS	Developing under (mostly Ubuntu) Linux , Windows XP, Windows 7 Production OS: Gentoo, Ubuntu, Debian, FreeBSD, CentOS
J2EE, Java EE 5	JavaBeans, JSP, Servlets, JSF (MyFaces, Tomahawk), Facelets, JPA(Hibernate)
Spring Framework	AOP, IoC, Acegi/Spring Security, MVC , WebFlow, Spring Roo
Java frameworks	PlayFramework, JUnit , FestAssert, Mockito , EasyMock, GMock, Tapestry 5, AppFuse, Hibernate, Log4J, Tiles , Struts2, Wicket, Grapes
Build tools	Ant, Maven2 , Gradle
Application servers	Apache Tomcat, Spring tc Server, JBoss 4.2
Databases	MySQL, Oracle , SQL Server
Tests	Test Driven Development, Behavior Driven Development
SCM	Subversion, Mercurial , Git
Methodologies	Scrum, Kanban
Other tools	Redmine, JIRA, Trac, Mantis, Hudson, Cruise Control, Bamboo, Crucible, FishEye

IV. Miscellaneous

Driving Licence: B category, since 2002

Interests: Teaching mathematics, numerical methods, running.
